### Course Description:

Budgeting and Accounting features applications and problems you can use to create building and facilities' budgets. In this course, you will have the opportunity to apply concepts within the real property and facilities context. You will follow the accounting process and creation of a budget from start to finish, learning valuable skills such as how to interpret financial statements, annual reports, and statements of cash flows. You will also learn practical skills such as how to compile lease abstracts and prepare rent rolls. The course includes valuable exercises pertaining to depreciation, preparing income and expense budgets, and explaining budget variances.

### Major Topic Areas Covered in this Course:

record-keeping requirements • revenue and expenditure cycles • financial statements • annual reports • lease abstracts • income and expense budgeting

### Applies to:

RPA® and FMA® designations and the FMC and PAC certificates
